This toolkit, also available electronically on the Montana Office of Public Instruction School Nutrition Programs Web Site, www.opi.state.mt.us/schoolfood/index.html, provides a variety of information to assist schools in being successful at selling healthful foods and beverages in student-run stores. Much of the information provided is based on lessons learned in Montana schools' Nutrition SEN\$E projects. We hope you find this information useful. State agency staff are willing to assist you in learning more about this topic. Please contact either of the following offices for assistance.

Acknowledgements:

Team Nutrition would like to thank the Montana school staff and students that participated in the Nutrition SEN\$E mini-grant project. We appreciate their cooperation and willingness to share their experiences, information, lessons learned and advice on the sale of healthful food items in student stores. See page 47 for the list of schools and contact information for student advisors.

This project has been funded at least in part with Federal Team Nutrition funds from the U.S. Department of Agriculture, Food and Nutrition Service. The content of this publication does not necessarily reflect the views or policies of the Department, nor does the mention of trade names, commercial products, or organizations imply endorsement by the U.S. Government.
